

THE South-Carolina Gazette.

Containing the freshest Advices Foreign and Domestick

FROM SATURDAY November 10, to SATURDAY November 17, 1739.

They write from the Hague,

THAT on the same Day that the British Ambassador communicated to the States General the Resolution of the King of Great-Britain to empower his subjects to make Reprizals on the Spaniards, the Marquis de St. Giles was with the Grand Pensionary, and several Members of the Regency, where he very much blamed the Conduct of Great-Britain, whose Proceedings he treated as violent and unreasonable, and took occasion therefrom to shew, that he hoped the States General would not in any sort imitate that Nation; but that on the contrary, he flatter'd himself that their High Mightinesses would, by their Behaviour, put it in his Power to make his Court entertain a good Opinion of the Republick, the Marquis de St. Giles also declared, that the King his Master had sent Orders to the West-Indies to give full satisfaction to the Hollanders, in relation to the Misunderstandings that they have there with the Spaniards. This Ambassador having been informed that a Report had been spread in Holland, that the Captains of some ships which had sail'd from Cadix about two Months ago for the West-Indies, were charged with certain Orders relating to Curacao, he protested that these Reports were entirely false; and in Truth they were very sensible in Spain of the Disposition that prevail'd amongst the Inhabitants of that Island, but that the King his Master had too much Grandeur of soul to take Advantage of such Circumstances. But the Question is, Whether his Catholick Majesty's Gentleness to the Dutch at this Time does not proceed rather from apprehending that he shall have enough to do to deal with Great-Britain, than from a Greatness of soul, or any Disposition to forgive Injuries.

LONDON, August 4.

We hear that the Government has contracted with several eminent ship Builders for

Building a Number of Vessels fit for Transports and Victuallers which are to mount from ten to forty Guns each.

We hear a Spanish ship at the Port of Exeter is stopped by Order of the Government.

We hear no Ships will be fitted out here as Letters of Marque by the Jamaica-Merchants, there being Ships proper for the Purpose there, and brave Fellows enough ready to engage in such Enterprizes, who have long wish'd for nothing more than to be at Liberty to take Revenge on the Spaniards for the repeated Insults and Abuses our Countrymen have of late Years so often received from them.

We hear that all the Officers belonging to the Regiments in France, have received Orders to repair to their respective Posts immediately, on Pain of being cashier'd.

The Lords of the Admiralty have been pleas'd to appoint Capt. Hooke, to be Captain of his Majesty's ship the Portland, in the Room of the Hon. Capt. Byng, who is appointed Captain of his Majesty's Ship the Sunderland.

To make the Cadets in the Artillery, and the Bombardiers, perfect in the Art of Gunnery, they are exercised every Day at Woolwich Warren; and Yesterday as they were making some Experiments and proving some Bombs, no less than three of the Shells burst on Explosion, to the great Surprise, but happily no further Damage, of the Engineers as well as the Spectators.

August 7. On Friday Night a Packet was dispatched from the Admiralty-Office to Admiral Haddock, which is to be carried by Capt. Osborn in the Salisbury Man of War, who is ordered to sail forthwith for the Mediterranean.

The George, Sharp, from Tetuan, is arrived in the River, and is reported that the Saltee Rovers are actually at War with England and Holland.

The

The Constant Jane, Bryant is arrived at Bristol from Malaga, the Captain says he saw Admiral Haddock's Squadron cruising off Cadiz.

CHARLES-TOWN, November 17
Tuesday last being the first Day of the Court of Common Pleas, Benjamin Whitaker Esq; was appointed Chief Justice of this Province.

By Capt. Arrowsmith, we hear, that Capt. John Lush (with whom he sail'd from New York in a Privateer) had taken two Spanish Schooners off the Point of Cracca, but the Spaniards all jump'd over-board except one who could not swim, then Capt. Lush put a few Men on board of each and sent them to this Place, but they are not yet arriv'd of, he then sail'd for the Port of Prince, where he took a Sloop (whose Men also jump'd over-board and swam to the Shore) and put the said Arrowsmith on board, who arrived here with her on Saturday last, and says that when he left him he sail'd for the Bay of Mexico.

His Excellency James Glyn Esq; who was lately appointed Governor of this Province, is expected here about Christmas, in his Majesty's Ship the *Greenwich*, a fourth Rate of Fifty Guns, commanded by Capt. Wyndham which Ship we hear will be stationed at Georgia.

By Capt. John Murray who arrived here last Week from Providence, we hear, that when he was there a Rhode-Island Privateer brought in a Prize which she had just taken, and that Capt. Frazer was arrived there from Jamaica, who informed that the Men of War there had already taken several Spanish Vessels as lawful Prizes.

Tis reported here that his Majesty's ship the *Hector* had taken and brought into Virginia, a Spanish Man of War of 50 Guns; but this wants Confirmation.

Tis also reported that a Privateer has put in at Georgia to refit, having had a sharp Engagement with a Spanish Man of War and lost 40 Men.
